# SKATING

is more than action, tricks, art, performance and entertainment. It's a **global culture** that connects people from all over the world. It has the core values of community, respect, support and the recognition of excellence.

Sometimes it's an urban rebellion but is always aware of the sports evolution and **committed to respect the environment**.

The **ROCES skater community** deserves all our commitment, aimed at improving and supporting this sustainable development.

# SO, WHAT ARE WE DOING?

## Pattinare

è molto più che azione, tricks, arte, performance e intrattenimento. È una **cultura globale** che collega persone da tutto il mondo e include valori come il rispetto, unione, sostegno e riconoscimento dell'eccellenza.

A volte è una ribellione urbana, ma sempre consapevole dell'evoluzione dello sport e **impegnata a rispettare l'ambiente**.

La **comunità skater di Roces** merita tutto il nostro impegno, volto al miglioramento e al supporto di questo sviluppo sostenibile.  
*ALLORA, COME CI STIAMO MUOVENDO?*

# GREEN CORE COLLECTION

## A speed change.

We have always been driven by a constant attention to the choice of materials and our sensitivity to environmental impact. Now more than ever this is engine that drives our strategy: combining innovation with eco-sustainability, without sacrificing design and high performance.

The issue about plastic, once the embodiment of modernity, innovation, safety and design, involves packaging and product life cycle, which are our strengths. In fact, when Roces invented the extendable skate in 1994 or the extendable ski boot in 2006, it had in mind a longer life cycle and a lower environmental impact. Just think of all customers, who with the longer life span of their skates, only occasionally needing to replace some parts, and of the reduction of carton packaging

## Ranked by Nature.

With this catalogue we aim to offer a clear idea of two parameters: the level of recyclability of our in-line skates and the level of recycled materials used to build each model.

In the history of Roces there are fundamental skates that represent our green mission. This is the case of M12 in the classic black colour, which has always been made with 97% recycled plastic materials.

2020

Un cambio di velocità.

Da sempre siamo mossi da una costante attenzione nella scelta dei materiali e la nostra sensibilità all'impatto ambientale è oggi più che mai il motore della nostra strategia: unire l'innovazione e l'ecosostenibilità, senza rinunciare al design e alle alte prestazioni.

La questione della plastica, un tempo sinonimo di modernità, innovazione, sicurezza e design, coinvolge gli imballaggi e il ciclo di vita del prodotto: i nostri punti di forza. Infatti, quando Roces ha inventato il pattino allungabile nel 1994 o lo scarpone da sci allungabile nel 2006 aveva in mente un più lungo ciclo di vita e un minore impatto ambientale, basti pensare ai nostri imballaggi in cartone e a tutti i nostri clienti che ogni giorno rimettono ai piedi pattini vecchi di vent'anni che necessitano solo di una parte di ricambio.

Selezionato dalla natura.

Con questo catalogo intendiamo offrire un'idea chiara di due parametri: il livello di riciclabilità dei nostri pattini in linea e anche il livello di materiale riciclato utilizzato per la realizzazione di ogni modello.

Ci sono pattini fondamentali nella storia di Roces che rappresentano la nostra missione green: è il caso di M12 nella classica colorazione nera, che è sempre stato realizzato con materiali plastici da riciclo per una percentuale pari al 97%.

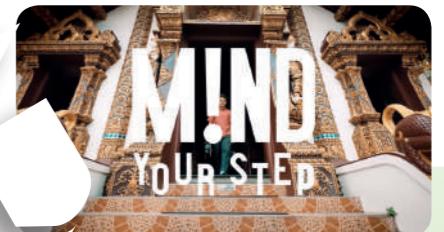

Un documentario cortometraggio di Kaspars Alksnis

"Every new day starts with one step...And every day ends with our footprints."

Da Bangkok alle giungle lussureggianti tailandesi fino alle spiagge meridionali di Krabi. Con "Mind your step" Nils Jansons, icona della scena internazionale aggressiva, ci accompagna nel suo viaggio in Thailandia per vivere e promuovere un approccio consapevole con la natura.

Sensibilità, attenzione e impegno etico sono alla base del progetto che Nils sostiene, un progetto che incoraggia a intraprendere scelte sostenibili per il nostro pianeta e per il futuro.

Make the difference... Mind your step!

## Short-film documentary by Kaspars Alksnis

"Every new day starts with one step...And every day ends with our footprints."

From Bangkok through the lush Thai jungles to the southern beaches of Krabi. With "Mind your Step" Nils Jansons, an icon of the aggressive international scene, guides us along his journey to Thailand.

To live and promote a conscious approach with nature. Sensitivity, attention and ethical commitment are the basis of this project that Nils supports. A project that encourages us to make sustainable choices for our planet and for the future.

Make the difference... Mind your step!

# 2020 HOLOGRAM

## *Our hologram: the Roces ID.*

*Our New hologram is a new identification element and tool in the fights against counterfeiting.*

*Starting with the next production, Roces products will travel in company of an "Original Product" hologram that attests their authenticity. In a dedicated area of our roces.com website it will be possible to verify the authenticity of the products purchased by entering the serial number shown in the hologram.*

*L'ologramma è un nuovo elemento d'identificazione e strumento nella lotta alla contraffazione. Dalle prossime produzioni, i prodotti Roces viaggeranno accompagnati da un ologramma "Original Product" che ne attesterà la genuinità. Attraverso un'area dedicata del sito roces.com sarà possibile verificare l'autenticità del prodotto acquistato digitando il numero di serie riportato nell'ologramma.*

# FIFTH ELEMENT UFS

*By popular demand, but also our own long-time desire: the re-launch of FIFTH ELEMENT, an aggressive world icon and, according to the fan community, the best skate ever designed.*

**FIFTH  
element**

*In a future skating museum, Roces aggressive models would occupy a prominent place. The list of names brings goose bumps to all fans: MOSCOW RAMP, LOWRIDER, STREET, IMPALA, M12, FIFTH ELEMENT, KHUTI, GRAAL, are all main players of a market worthy of collectors. To celebrate the twentieth anniversary of FIFTH ELEMENT, we relaunch it in the original colours with UFS. Enjoy it!*

*A gran richiesta, ma anche un nostro vecchio desiderio: il rilancio di FIFTH ELEMENT, icona del mondo aggressivo e, a detta della fan community, il miglior pattino mai progettato. In un futuro museo del pattinaggio, i modelli aggressivi di Roces occuperebbero un posto di rilievo. Solo la lista dei nomi fa venire la pelle d'oca a tutti gli appassionati: MOSCOW RAMP, LOWRIDER, STREET, IMPALA, M12, FIFTH ELEMENT, KHUTI, GRAAL, protagonisti di un mercato degno dei collezionisti.*

*Per celebrare il ventesimo anniversario di FIFTH ELEMENT, eccolo nei colori originali dotato di UFS. Adesso godetevolo!*

*A historic skate and the best model ever designed.*

Now all the passionate fans of the aggressive world will rediscover the benefits of this timeless Roces model. Twenty years ago, in a revolutionary concept for that time, double injection technology was first used in this skate.

*Un pattino storico e il migliore mai progettato.*

Ora tutti gli appassionati del mondo aggressive potranno riscoprire i benefici dell'intramontabile modello Roces al quale fu applicata vent'anni fa, in modo rivoluzionario per l'epoca, la tecnologia della doppia iniezione.
